

YES! I Want To Get My Postcards Fulfilled EASY!

I'm excited to be one of the select people participating in the Postcard Fulfillment Program! By enrolling, I am committing to this program, and can choose to campaign my postcards consecutively for 12 months. I have the ability to choose from the most current techtip postcard in the program by the 5th of each prior month that the postcard goes out to be fulfilled. I have the ability to choose from any postcard from the archives for an additional \$39 per postcard, and I must choose by the 5th of each prior month that the postcards then will go out to my recipients. I also understand that if I don't offer any suggestion on what my postcard will consist of by that date, the most current techtip will be sent out regardless and my credit card will be charged. The per each price shown in the chart below includes basic graphic design edits (simple changes such as the company name, phone numbers, etc), offset professional printing and mailing to my clients. I understand that larger layout changes to the postcard are subject to additional design fees.
